## RIISSIAN FLEET OFF TO AID PORT ARTHUR

Admiral Skrydloff Reaches Vladivostok and at Once Starts Out with Five day, Friday and Saturday, this week, will entitle the holder to one ticket for Luna Park good for any week day or even-next Saturday or any day next week at The World Office, Cruisers and Three Destroyers, Presumably to Join Warships at Beleaguered City.

LONDON, May 20 .- A despatch from Harbin says that Admiral Skrydloff, who has been placed in command of the Russian fleet at Port Arthur, arrived at Vladivostok from St. Petersburg, and later put to sea with five cruisers and three destroyers. It is conjectured that he will attempt to reach Port Arthur.

CHEFOO, 'lay 20 .- A Russian army of 70,000 men has forced its way down the Liaotung Peninsula to Port Arthur and a terrific land battle is reported to be now in progress there.

Chinese from Dalny say that the Russians regained control of the Port Arthur railroad, when the Japanese advanced in great numbers and the tenants in the building were greatly excited and a lot of people were regained the road.

Inside Port Arthur there are 15,000 Russian troops and 3,000 Chinese gamblers on the roof to what was going on. coolies. The city is besieged from land by detachments of Kuroki's CAUGHT ON THE ROOF. army and by sea by Togo's war-ships.

It is thought the Japanese are attacking Port Arthur with their entire force. They have mounted six-inch naval guns on steel wheels.

The Manchurian Railway south of Harbin is constantly broken by Chinese marauders, and the Russians threaten reprisals.

The Russians admit that they have to contend with terrible difficulties along the whole line. The men, however, are very confident.

TIENTSIN, May 20.—It is announced from authentic Russian sources that the Japanese army from the Yalu to-day sustained a severe defeat room.s" and was driven back to Fengwangcheng.

NEWCHWANG, May 20-7 A. M.-The reports of the Japanese retreat to Fengwangcheng are officially confirmed.

The Japanese, numbering 20,000 men, came upon 32,000 Russians in a strong position on Monday, sixty miles west of Fengwangcheng. It being unwise to risk a battle, the Japanese retreated with great rapidity.

An unofficial Russian authority says a pitched battle was not fought, but rumor says there was considerable loss on both sides during the clashes, with the Cossacks harassing the flanks of the Japanese. This division presumably was executing a reconnoissance. The pursuit was checked when the main body of the Japanese was rejoined.
